L'ORANGERIE

Long considered one of Los Angeles' most elegant and romantic restaurants, L'Orangerie is one of Southern California's longest running success stories in fine dining. For more than 25 years guests have enjoyed their unrivaled French cuisine. Plaster walls in muted whites and cremes combined with subtle lighting underline the elegant atmosphere and ageless beauty. High ceilings, French windows, towering floral arrangements and oversized paintings add a grand touch to any wedding. For weddings, the main dining room can accommodate up to 120 guests while the atrium room can seat fifty. Throughout the year, the bar may be used for a reception and can hold 70 people. During the summer months, you may also enjoy the use of the lush garden patio for your ceremony or reception of up to 80 people. L'Orangerie is definitely the place for a sophisticated, intimate affair.
